DYLAN SAFIRO

Tampa, FL · safirodylan@gmail.com · linkedin.com/in/safiro · dsafiro.github.io

SUMMARY

Results-driven business analyst with hands-on IT and data analytics experience in enterprise environments. Skilled in process automation, data visualization, and ITSM optimization using tools such as Excel, SQL, Jira, and PowerShell. Recognized for professionalism, adaptability, and managing independent and collaborative responsibilities within cross-functional teams.

EDUCATION

University of South Florida – Tampa, FL **Expected May 2026**
BS in Business Analytics and Information Systems, Cybersecurity Concentration (GPA: 3.86)

EXPERIENCE

Raymond James Financial – IT Business Analyst Intern **June 2025 – August 2025**

- Spearheaded Exchange public folder deprecation project, successfully reducing overall firmwide reliance by 33.7%.
- Analyzed enterprise data from 13,000 public folders, identifying high-impact areas for reduction through usage analysis.
- Developed Excel dashboards and KPI reports to track progress and communicate milestones to senior IT leadership.
- Automated removal and modification of Exchange user access privileges and mailbox migrations using PowerShell.
- Leveraged VLOOKUP and Power Query for data processing, enabling large-scale software deployment for 40,000 users.

University of South Florida – Help Desk Technician **October 2024 – Present**

- Provided Tier I and II technical support to 50,000 students, resolving 100+ tickets weekly via efficient troubleshooting.
- Managed IT support tickets using Jira and IAM tools, achieving a 99.7% ticket resolution rate with full SLA compliance.
- Created knowledge base documentation to streamline troubleshooting processes and improve resolution consistency.
- Collaborated with ITSM teams to enhance user account security and MFA enforcement within Azure Active Directory.

ReliaQuest – Cybersecurity Labs Intern **February 2025 – March 2025**

- Completed the ReliaQuest Cybersecurity Labs program, developing hands-on expertise across the Attack Lifecycle.
- Performed threat detection and analysis using OSINT tools and log correlation to investigate potential incidents.
- Utilized the GreyMatter platform to simulate threat scenarios, triage alerts, and analyze phishing emails for anomalies.

Infotect Design Solutions – Support Technician Intern **June 2024 – August 2024**

- Led the coordination and rollout of Windows 11 upgrades across 14 organizations, successfully upgrading 110+ devices.
- Monitored and maintained IT asset database to ensure precise tracking of ongoing and completed system upgrades.
- Translated complex user-reported issues into actionable technical solutions, maintaining a 100% client satisfaction rate.
- Standardized documentation and upgrade procedures, improving efficiency and reducing total workload by 20%.

PROJECTS

Hospital Database System – *PostgreSQL, DBeaver, Tableau* **November 2025**

- Designed a structured healthcare data model by converting operational requirements into a normalized ERD and PostgreSQL schema with enforced keys and constraints to ensure reliable querying and data integrity.
- Ensured system accuracy by troubleshooting import errors, executing integrity checks, and building SQL insights and Tableau dashboards that revealed appointment trends, no show rates, and billing accuracy.

COVID-19 Relational Database – *Microsoft Excel, SQL, Tableau* **March 2024**

- Utilized Excel and SQL to create a COVID-19 relational database, executing JOIN and VIEW functions to identify the relationship between vaccination progression and mortality rates.
- Generated comprehensive reports and interactable dashboards in Tableau, presenting detailed visualizations in vaccination coverage, mortality trends, and infection rates across various geographic continents.

SKILLS & TOOLS

Programs/Languages: SQL, Excel, Tableau, PowerShell, PostgreSQL, JavaScript, Jira, Word, PowerPoint, Photoshop
Technical Skills: Data Analysis, System Automation, Agile, Operational Reporting, Process Documentation, IT Support

CERTIFICATIONS

Certifications: Google Data Analytics, Google IT Support, Google Project Management, IBM Cybersecurity Analyst
